EUROSEAL[®] DS-P

Double Seal PTFE, High Performance

PERFORMANCE SUPERIORI

EUROSEAL® Springallic Double Seal-P è una guarnizione a spirale di estrema affidabilità per i servizi più gravosi. L'anello interno, oltre al compito standard di contenimento, effettua una **tenuta primaria** e protegge la spirale e le flange da corrosione e/o abrasione. I materiali utilizzati possono variare in funzione delle condizioni di esercizio, come da tabella sottostante.

SUPERIOR PERFORMANCE

EUROSEAL® Springallic Double Seal-P is a spiral wound gasket highly reliable and suitable to any industrial application. The inner ring guarantees a **primary seal** and protects the spiral wound and flanges from corrosion and abrasion. Different combination of materials are available as per following table.
